Over the years, Dr. Carol Holland, Associate Professor in Slippery Rock University's Counseling Center, came to recognize the numerous contributions that international students make on campus. Along with this observation, she also noticed that many students struggle financially. In appreciation of these students' hard work and the many challenges that they face as they study in a foreign country, she generously established this scholarship. The amount of this scholarship is \$1000. There will be two awarded for the 2008-2009 academic year.

Dr. Holland earned her BA from Seton Hill College, a MS from Clarion University, a MA from Slippery Rock University, and her Doctorate in Public Health with a concentration in Mental Health, from the University of Pittsburgh. Her international experiences began at age seven when her father's work took the family to Argentina. During her years at SRU, she has led university sponsored Elderhostel programs in Hungary, Slovakia, Poland, and the Czech Republic. She first began working with international students at SRU and fondly cites this as one of her career highlights.

International students who have earned a minimum of 60 credits at SRU are eligible to apply for this award. Criteria for consideration include financial need, progressively improved academic standing, a resume, and a one-page typed letter detailing qualifications.

The application form is enclosed. Finalists may be interviewed. Please contact the International Services Office with questions.
