

What Can I Do With a Degree in **CHEMISTRY**

Chemistry majors have careers in a great variety of industries, research laboratories, and state and federal agencies. A chemistry major may find employment doing laboratory work, assisting on a research team, working in product development, or business-related areas of plant management, marketing, or sales.

Skills Associated With Chemistry Majors

Spirit for scientific inquiry and the ability to operate scientific equipment
Achievement and goal orientation
High proficiency organization and accurate details
Strong mathematical, analytical, reading, writing, computer and memorizing skills
Ability to make critical observations and decisions based on data
Conduct and clearly explain scientific research
Ability to write well; for both technical and non-technical audiences

Sample Career Titles

Agricultural Scientist	Food & Drug Inspector	Perfumer
Agronomist	Food Scientist	Pharmaceutical Lab Technician
Analytical Chemist	Forensic Chemist	Pharmaceutical Salesperson
Anesthesiologist	Genetic Counselor	Pharmacist
Assayer	Geneticist	Physician
Bacteriologist	Genetic Researcher	Physicist
Biochemist	Geologist	Plastics Engineer
Bioinformatics Scientist	Hazardous Materials Manager	Polymer Chemist
Cephalometric Analyst	Hospital Administrator	Product Tester
Ceramic Engineer	Hydrologist	Quality Assurance Engineer
Chemical Engineer	Industrial Health Engineer	Research Scientist
Chemical Oceanographer	Industrial Hygienist	Risk Manager
Chemist	Internist	Science Teacher
Chemistry Teacher	Laboratory Assistant	Science Writer
Chemistry Technologist	Laboratory Manager	Serologist
Clinical Laboratory Technician	Market Research Analyst	Soil Scientist
College Professor	Materials Engineer	System Analyst
Color Development Chemist	Metallurgist	Technical Writer
Crime Lab Analyst	Metallurgical Engineer	Textile Dye Analyst
Cytotechnologist	Medical Examiner	Tissue Technologist
Dentist	Medical Technician	Toxicologist
Dietician	Molecular Biologist	Veterinarian
Environmental Compliance Officer	Museum Curator	Veterinary Assistant
Environmental Health Specialist	Museum Educator	Veterinary Lab Assistant
FBI Special Agent	Nuclear Scientist	Water Purification Specialist
Federal Drug Inspector	Nurse Anesthetist	
Food & Drug Analyst	Nutritionist	
	Occupational Safety Specialist	
	Pathologist
